Inter-mill section Entry Management
Rename the section with Transfer Entry Management

- [ ] Use a **Transfer Entry** when material is sent to a third place on behalf of another mill, cutting the GP under the name of the mill on whose behalf goods are dispatched.
- [ ] Display this transfer option directly inside the **GP** interface.
- [ ] When the actual dispatching party cuts the GP with the Transfer mark, write the name of the mill on whose behalf the goods are being dispatched in the **Party Name** field.

Transfer Entry Checklist

- [ ] Add a "**Delivery At** option" drop-down field to select party name indicating where goods are being sent.
- [ ] Dispatch goods on behalf of the recipient (e.g., Beas Agro dispatches to Gurdaspur FCI Depo on behalf of Rajoa Agro Mill).

- **Actual Dispatch Mill** - Beas Agro
  Recipient Mill - Rajoa Agro
  Delivery At - Gurdaspur Depo.

- [ ] Ensure the while cutting a transfer entry in **Actual Dispatch Mill** (here Beas Agro) the series will be in chronological order of the normal GP series [with **T** looks like**: 501** (T) **]** Here the supervisor selects the party name as **Recipient Mill-** Rajoa Agro and supervisor selects **Delivery At** (here Gurdaspur Depo.)
- [ ] Ensure in GP report of **Actual Dispatch Mill** (here Beas Agro),in Party name section of report Write the **Recipient Mill** (here Rajoa Agro) **on whose behalf** the goods are actually delivered, in the **Note** section of GP report of mention the the party name where actual goods are delivered **Delivery At** (here Gurdaspur Depo.).
- [ ] Send an intimation to the recipient mill (Rajoa Mill) detailing the goods transferred to Gurdaspur FCI Depo on their behalf by Beas Agro with GP details of Beas Agro.
- [ ] Confirm notification, for the transfer entry by the recipient party(here Rajoa Agro is the recipient Party) to trigger the following 02 automated updates:

- **1st Entry With effect in GP, GP report & Inventory:**
  - [ ] Automatically Make a transfer **GP In** with new GP no. of the **Recipient Mill** (Rajoa Agro) in chronological order of the normal GP series [with **T** looks like**: 479** (T) **]** in the Party Name as **Actual Dispatch Mill** (here Beas Agro). and the same details of **Actual Dispatch Party GP** in it Mainly pick Items,Bags details, weight at Mill details and Truck No.
  - [ ] Entry to the G.P. report with new GP no. allotted (i.e. **479** (T)) with details of GP.
  - [ ] With this it will be added to item inventory.

- **2nd Entry With effect in GP, GP report & Inventory:**
  - [ ] Automatically Make a transfer **GP Out** with new GP no. of the **Recipient Mill** (Rajoa Agro) in chronological order of the normal GP series [with **T** looks like**: 480** (T) **]** in the Party Name as **Delivery At** (here Gurdaspur Depo.). and the same details of **Actual Dispatch Party GP** in it Mainly pick Items,Bags details, weight at Mill details and Truck No.
  - [ ] Entry to the G.P. report with new GP no. allotted (i.e. **480** (T)) with details of GP.
  - [ ] Automatically reduce inventory from stock to create a **nil entry effect**.

- [ ] Ensure these two entries are processed together after confirmation.
- [ ] Close the transfer ticket upon slip when **Recipient Mill** (here Rajoa Agro) Transfer confirmation.
- [ ] Verify that the supervisor can view the transfer ticket in the Notification section upon opening their dashboard.
- [ ] Notify the Admin automatically if a transfer ticket remains unclosed for more than 2 days.
- [ ] Ensure Admin can see all mill-wise transfer tickets in the **Transfer section** with there status whether open or closed and admin can filter each heading.

- [ ] Format

Firm:Goyal Agro				Transfer Details							
S.no	Type	GP No.	Truck no.	Recipient Mill	Delivery At	Items	Quantity	Net Weight at mill	Status	Supervisor Sign(GP wise)	Note

- [ ] Ensure only one GP entry is shown in **Actual Dispatch Mill** here:
(Beas Agro with GP. **501** (T)).
- [ ] Ensure both GP entries are shown in the **Recipient Mill** here:
(Rajoa Agro with GP. **479** (T) & **480** (T)).

- [ ] Ensure supervisor sign is shown who has created the Transfer GP.
- [ ] Ensure supervisor sign is shown who has accepted the Transfer GP.

Consignment Checklist

- [ ] Ensure **Actual Dispatch Mill** (here Beas Agro) does not create the **Consignment dispatch slip.**
- [ ] Ensure **Recipient Mill** (here Rajoa Agro) creates the **Consignment dispatch slip** upon receiving date of the transfer entry.
